SUPPLEMENTAL DECLARATION

Sir:

Ronald Leslie Huish, Applicant in the above-identified application declares that the subject matter of the amendments dated August 15, 2006 and December 20, 2006 was part of my invention, was invented before I filed my original application, above identified, for such invention; that I do not know and do not believe that the same was ever known or used before my invention thereof, or patented or described in any printed publication in any country before my invention thereof, or more than one year before my application, or in public use or on sale in the United States more than one year before the date of my application, that said invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any foreign country on an application filed by me or my legal representatives or assigns

or more than twelve months prior to my application in the United States, and has not been abandoned, that I have reviewed and understand the contents of the above-identified specification, including the claims as amended by the amendment referred to above, that I acknowledge my duty to disclose information of which I am aware which is material to the examination of this application in accordance with 37 CFR 1.56(a).

The undersigned petitioner declares further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
